GLASSWORKER COMMITS SUICIDE WITH REVOLVER

August Kirshner Shoots Himself In Temple and Dies Instantly.

WAS SEATED ON BEER KEG

Was First Seen by Speers Man Going Home On Pittsburg-Charleroi Car.

Driven out of his mind, it is thought by over-indulgence in drink, August Kirschner, 31 years old of 823 Lincoln avenue, shot and killed himself last evening. To commit the deed he went to a point near the water tank at the southern end of the borough, and sitting down on a beer keg, fired a bullet with a revolver through his right temple.

The body of Kirscheer was seen by a Speers man going home on the car leaving Charleroi at 5:15 o'clock, and he telephoned to Chief of Police C. W. Albright here who, with Officer Alva Osborne, went to the place and found Kirschner dead, but his body still warm. It was removed to the undertaking rooms of Reeves and Reeves. Coroner Heffran was notified later and will investigate.

It is stated that Kirschner had for some time been drinking, and becoming possessed with a desire to end his troubles, secured a revolver and going to the out-of-way-place committed the deed. It is stated that shortly before he went to Roley's livery barn and tried to hire a rig. When found by Chief Albright and Officer Osborne, he was seated on the beer keg, and the gun was at his feet. It was evident that death had been instantaneous.

Kirschner was employed at the Macbeth-Evans factory, being a decorator. He is survived by his widow and one small child; also one brother living in Charleroi, and two sisters living in Monaca. Arrangements have not yet been made for the funeral, but it is likely that the body will be taken to the old home in Monaca.

Etta Lumsden will Live but May be a Cripple All Her Life.

Etta Lumsden, the daughter of George Lumsden, who was cruelly attcked several days ago at her home in Los Angeles, Cal., will live, according to word from Joseph Kenyon received here by Miss Elizabeth Moore.

Mr. Kenyon states in his letter; "Etta will live. She has taken a marvelous change. She is conscious now and is eating a little. Her left side is paralyzed so she will likely be crippled."

Mr. Kenyon does not state whether her mind will be affected or not, but it is possible that it may be from the injuries inflicted with the axe in the hands of Frank H. Allen, her boy assailant.

Mr. Lumsden has opened a new store in Ontario, California, and is doing nicely, having the only exclusive shoe business there,

HARMONY REACHED IN CONGRESSIONAL FIGHT

McJunkin Picked for Nomination at Conference Held Yesterday at Fort Pitt Hotel, Pittsburg.

In the interest of party harmony the contest in the Butler-Westmoreland district for the Republican Congressional nomination was suddenly terminated last night, and J. David McJunkin of Butler not only will have no opposition for the nomination, but is pledged the unqualified support of the other candidates.

Peace was brought about through the efforts of D. C. Ogden of Greensburg, who was in the race. He had summoned to a conference at the Fort Pitt Hotel in Pittsburg. E. E. Robbins of Geensburg, A. M. Christley and J. David McJunkin of Butler, the other aspirants. It was pointed out there that Butler county seemed to have the prior claim on the nomination and that the bitter contest pending was jeopardizing Republican success and would probably run the district over to the Democrats this fall unless an agreement was reached.

QUITS JOB OF AUDITOR

J. K. Mitchell Files Lengthy Statement Telling Cause for Action.

J. K. Mitchell, one of the county auditors has presented, his resignation to the court, which was accepted. No audit has yet been made of the county finances last year, owing to the refusal of C. R. Tilton, the minority auditor, to proceed on the grounds that the election of the county controller was illegal. W. J. Anderson, the other auditor, has been seriously sick, and Mr. Mitchell states that his private affairs will not permit him to devote any time to the duties of the office. In reply to a query by the court, the counsel for Mr. Tilton, the minority auditor, stated that they would know soon what their client intended to do.

New Bamboo Slide Installed, and Amusements Put in Best Shape.

FIRST PICNIC ON FRIDAY

Charleroi School Children Will Hold Their Outing on That Date.

Eldora Park will be opened for the 1910 season tomorrow under the management of Tom P. Sloan, of North Charleroi. The park has been undergoing renovation during the past few weeks, and new equipment installed, among which is a new amusement, a $1,000 bamboo "slide."

The new slide is one of the newest wrinkles in park amusements, and is recognized as one of the most fascinating devices for the entertainment of the people. Another new and big improvement at the park is a drinking fountain. All the buildings about the park have been repainted, and brightened up, and repairs made on the roller coaster and other amusements. A soda fountain has been installed at the restaurant.

Beiginning with tomorrow night there will be dancing each evening, the same as last year. Jenkins orchestra will furnish music. The first really big event at the park after the opening will be the Charleroi school children's picnic on Friday afternoon. Following this will be a succession of picnics and outings.

BOTH TEAMS ARE IN GOOD SHAPE FOR FIELD MEET

Final arrangements are being made by those in charge for the annual High School field meet to be held here on Saturday afternoon, between the Charleroi and Monessen High School track teams. Both teams have been hard at work preparing for the affair, and indications are that it will be a hard go. Prof. I. T. Daniel was yesterday appointed cheer leader for the Charleroi supporters.

"SNIPE HUNTERS" MUST STOP TRICKS

Unless the "snipe hunters" behave themselves they will, according to Chief of Police C. W. Albright, be subjected to rigid discipline. Not long ago a young fellow was taken out on a hunting tour by some practical jokers, who were later found out. Chief Albright promised to let them go, but in so doing informed them and others as well that the next trick of the kind would be reported to County Detective McCleary, who would push it on all charges that could be scraped up, including that of carrying concealed weapons.

No Factional Fight.

If arbitration is good in labor disputes, it is equally good in factional political fights. This is the principal adopted by the various factions which were out for the Republican nominationfor Congress in the Westmoreland-Butler district, with a result that all candidates are withdrawn but one, and this one will have a clear field for his party nomination. In the interests of harmony the move was an excellent one from a party standpoint.

As the fight had started there were two candidates for the Republican nomination for Congress in Westmoreland county, and two from Butler county. What is known as the Huff and anti-Huff interests were lining up for a bitter contest in Westmoreland. Had the fight been brought to a finish, it was likely to jeopardiez Republican success at the general election in the fall, and for that reason a peace conference was sought. By the terms of this conference all the candidates withdraw except J. D. McJunken of Butler. As the time has passed for filing any more nominations, he will have the unanimous party nomination. The withdrawl of both factions in Westmoreland county will have the effect of ending the party strife they engendered.

Harnessing the Floods.

The proposition to build reservoirs at the headwaters of the Monongahela and Allegheny rivers to hold the flood tides of the freshets that annually sweep down these streams and do thousands of dollars' worth of damage, is meetng with more or less favor. At first the proposition seemed a wild one, but as prominent engineers investigated and looked over the matter more fully, and give the public the result of these investigations, the project seems more feasible. One of the most serious objections is the possibility of another Johnstown disaster, by the bursting of the embankment of these artificial lakes.

Aside from conserving the damages by floods, these artificial lakes may be made to serve other purposes. Situated as they would be, in the heart of the mountains, amid picturesque surroundings, they could be utilized as public resorts for those in search of health and recreation. As they would have to be constructed at public expense, the public would have the use of them for camping and pleasure resorts. Another feature that has not yet figured to any great extent, would be the water that could be used for irrigating purposes. That system has never yet been thought necessary in this State, yet with an abundant supply of water it could be used as profitably some seasons here as in the arid section of the west. The reservoir plan for harnessing the floods has much to commend it.

ELECTRIC SPARKS

When a bunch of society women can edit a paper and sell each copy at $25, as reported from Salem. Mass., and the male editors have to starve while they are doing heavy work, it's time for them to beigin washing the dishes and doing the cooking while the mistress is beating the typewriter keys.

Soon all the astronomers will lose their prestige gained through their free predictions of what the comet was going to do to the earth.

An old anecdote is a good one if hitched to a new man in Congress.

All politicians exhibit signs of nervousness when they assert that they are sure winners, yet it is impossible to keep them from it.

When Thomas L. Kennedy gets in Congress, as he and his boss, E. F. Acheson, fully intend he shall, we hope that everybody in that place votes for his first bill. It would not be surprising, however, if he does not have to grind to prepare that bill.

An employer received a note the other morning from his lady stenographer who had forgotten to show up for work bearing the words: "I am not now in your employ," a fact of which he was paintully aware. Next day came the announcement of her wedding. No wonder women were never allowed to vote in this State.

A "simp" is defined as the man who doesn't know what "simp" means.

When a girl starts out walking, having an umbrella, and comes back home with a walking stick and then says she was alone, put it down that she will never be President of the United States.

The people won't get rested up from the carnival until they are in the midst of the Fourth of July celebration.

The comet has been blamed for about everything, but we are yet to learn of any one who accuses it to be responsible for his cold.

CATARRH GOES

So Does Sore Throat, Bronchitis, Croup and Asthma.

You can easily tell by reading the symptoms below, whether you have catarrh or not:

Offensive breath, frequent sneezing, discharge from the nose, stoppage of the nose, huskiness of the voice, tickling in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucous, difficulty in breathing, loss of vital force.

Piper Bros. has a sensible remedy (money back if it fails) for catarrh, called Hyomei (pronounced High-o-me) which is a vaporized air, so antiseptic, that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life, gives relief in two minutes, and cures catarrh.

The price, including hard rubber inhaler, is only $1.00. The hard rubber pocket inhaler will last a lifetime, so that should you need a second bottle of Hyomei, you can get it for 50 cents.

Platform of T. L. Kennedy, Candidate for Congress

New Brighton, Pa., April 29, 1910.

To the Republican Voters of the Twenty-Fourth Congressional District:

I am a candidate for the nomination of Congress at the primaries on June 4, 1910.

In becoming a candidate I fully realize the issues which are before the people of the Nation and of this State. As an ardent admirer of Theodore Roosevelt, and a firm believer in the policies which he stood for, I shall earnestly advocate all measures which are for the welfare of the people.

Aldrichism and Cannonism represent the selfish interests which stand upon special privileges as against the general welfare of the whole people.

The duties of a member of Congress are National, but in Pennsylvania the office has been made an asset of the State machine. The candidates for Congress throughout the State are as carefully selected as the candidates for the Legislature, the idea being that the patronage of a congressman belongs absolutely to the Penrose-Oliver machine. A Congressman, so elected, being under such obligations to the machine, is not free to act for the public good.

The lavish use of money in politics has become deplorable. The present member in Congress, in the sworn statement filed by him following the primary election two years ago, admitted that he had expended about $14,000. It has been freely stated and not contradicted that the selfish interests, inside and outside of the district, contributed an additional sum of $50,000, and that at least 3,000 illegal votes were cast in one county in the district.

The voters of the district, under the present primary system, select their candidate without regard to county lines, but there can be no criticism of the candidate being from Beaver County, as this county in the past 53 years has had but two Congressmen serving for a total of 8 years.

With this statement, in which I have endeavored to be clear and candid, I submit the issue to the good citizenship of the district.

T. L. KENNEDY.

FOR ASSEMBLY

Republican Chairman

C. Wesley Yarnall

DR. C. WESLEY YARNALL, of California, has formally announced himself as a candidate for the Assembly on the Republican ticket at the Spring primaries, and from now on proposes to make an aggressive campaign in favor of his candidacy.

Dr. C Wesley Yarnall is the son of Rev. J. V. Yarnall, deceased, of the Pittsburg M. E. Conference. He was born in Clarksville, Pa., in 1860. His early education was obtained in the public schools of the county and the Normal School of California. Later he mined coal and taught school, which enabled him to take a three-year elective course at Allegheny College, Crawford county, Pa., in preparation for medicine. Finding himself in no financial condition to enter a medical college at that time, he entered the Railway Mail Service between Pittsburg and New York for six years, earned enough to enter Jefferson College, Philadelphia, Pa., graduating in the class of 1889. He then engaged in the practice of medicine in Roscoe and Beallsville, Pa., until 1899, when he took a post graduate course at the Post Graduate College, of New York City, and in the fall of the same year he resumed practice in California, where he is at present located. The doctor is one of the oldest members of the I. O. O. F. of this district and belongs to several other fraternal organizations. Lately he has been active in organizing the F. O. E. and L. O. O. M. lodges. He has been an active Republican during his political life, and he says that he supported nine out of every ten of the successful candidates for office during the past twenty-five years. A return of this favor will be very much appreciated. The doctor also intends to make an active canvass and asks the help and support of all his friends and also promises in return to work for the best interests of Washington county. His platform is brief, progressive policies, approved by the Republican organization, beneficial to the greatest number of people in the county and State.

If nominated and elected, I am in favor of personal registration, and better election laws.

I am in favor of the New School Code when perfected, and the highest Educational Standard for our Public School System.

I am in favor of the principle of Home Rule, and am against any measure on any subject that does not come clean, shows equity, and maintains justice to all parties concerned.

I am against graft and opposed to bossism in any shape it may appear, and in favor of clean political activity on the part of our leaders.

I am in favor of every honest dollar in our land, and in favor of every honest effort of labor in all classes, to better her condition, and to receive the just increase for her toil that is coming to her.

I am in favor of a Road Law that will set aside a part of each year's road tax and compel the use of the same for permanent Road Improvements according to fixed plans and specifications.

I am a Roosevelt Republican, and it was my duty as well as a privilege, to become acquainted with him while he was at the head of the Civil Service Commission in the 80's.

I believe the principles and policies he has given us as applied to Borough, Township, County and State government, will better our condition, and I am an enthusiastic supporter of the progressive policies for which he stands—a square deal to all, and that the rights of the people shall be observed.

Yours truly,
C. WESLEY YARNALL,

Subject to Republican Rules. Primaries June 4th.

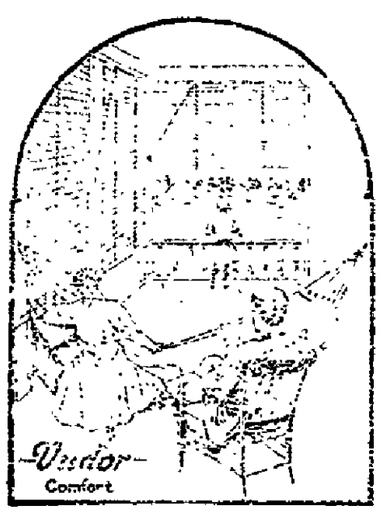
To make it a spot where you can rest or work on the hottest days--outdoors, yet free from the sun's glare and heat.

You can do this with Vudor Porch Shades; you can add to the house another room, cool and shady where you may enjoy every refreshing breeze, in secluded comfort.



Vudor Porch Shades are very durable, and will last many season.

Another good feature about them is the peculiar fact that those sitting on the porch can see out, but passersby cannot see in. In other words, you have complete privacy, and can use the porch or veranda the same as an inside room, with infinitely more comfort on hot days.

Vudor
PORCH SHADES

Vudor Porch Shades are just the thing for "loxing in" porches or balconies that are to be used as outdoor sleeping or living apartments.

Vudor Porch shades are made of thin, flat strips of wood of the kind that best endures out-of-door exposure. These strips are closely bound together with Seine Twine, in a lock-stitch weave.

They are artistically stained in soft, pleasing colors. These colors are weather proof, and will not fade or crack off.

The shades can be instantly raised or lowered (operating on the principle of a theatre curtain) and are easily and readily put up.

Cost and Sizes

Any ordinary porch can be shaded with Vudor Shades at a cost of from $3.00 to $10.00.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. GLASSWORKER COMMITS SUICIDE WITH REVOLVER

August Kirshner Shoots Himself In Temple and Dies Instantly.

WAS SEATED ON BEER KEG

Was First Seen by Speers Man Going Home On Pittsburg-Charleroi Car.

Driven out of his mind, it is thought by over-indulgence in drink, August Kirschner, 31 years old of 828 Lincoln avenue, shot and killed himself last evening. To commit the deed he went to a point near the water tank at the southern end of the borough, and sitting down on a beer keg, fired a bullet with a revolver through his right temple.

The body of Kirscheer was seen by a Speers man going home on the car leaving Charleroi at 5.15 o'clock, and he telephoned to Chief of Police C. W. Albright here who, with Officer Alva Osborne, went to the place and found Kirschner dead, but his body still warm. It was removed to the undertaking rooms of Reeves and Reeves. Coroner Heffran was notified later and will investigate.

It is stated that Kirschner had for some time been drinking, and becoming possessed with a desire to end his troubles, secured a revolver and going to the out of-way-place committed the deed. It is stated that shortly before he went to Roley's livery barn and tried to hire a rig. When found by Chief Albright and Officer Osborne, he was seated on the beer keg, and the gun was at his feet. It was evident that death had been instantaneous.

Kirschner was employed at the Macbeth-Evans factory, being a decorator. He is survived by his widow and one small child; also one brother living in Charleroi, and two sisters living in Monaca. Arrangements have not yet been made for the funeral, but it is likely that the body will be taken to the old home in Monaca.

Etta Lumsden, the daughter of George Lumsden, who was cruelly attcked several days ago at her home in Los Angeles, Cal., will live, according to word from Joseph Kenyon received here by Miss Elizabeth Moore.

Mr. Kenyon states in his letter; "Etta will live. She has taken a marvelous change. She is conscious now and is eating a little. Her left side is paralyzed so she will likely be crippled."

Mr. Kenyon does not state whether her mind will be affected or not, but it is possible that it may be from the injuries inflicted with the axe in the hands of Frank H. Allen, her boy assailant.

HARMONY REACHED IN CONGRESSIONAL FIGHT

McJunkin Picked for Nomination at Conference Held Yesterday at Fort Pitt Hotel, Pittsburg.

In the interest of party harmony the contest in the Butler-Westmoreland district for the Republican Congressional nomination was suddenly terminated last night, and J. David McJunkin of Butler not only will have no opposition for the nomination, but is pledged the unqualified support of the other candidates.

Peace was brought about through the efforts of D. C. Ogden of Greensburg, who was in the race. He had summoned to a conference at the Fort Pitt Hotel in Pittsburg, E. E. Robbins of Geensburg, A. M. Christley and J. David McJunkin of Butler, the other aspirants. It was pointed out there that Butler county seemed to have the prior claim on the nomination and that the bitter contest pending was jeopardizing Republican success and would probably run the district over to the Democrats this fall unless an agreement was reached.

New Bamboo Slide Installed, and Amusements Put in Best Shape.

FIRST PICNIC ON FRIDAY

Charleroi School Children Will Hold Their Outing on That Date.

Eldora Park will be opened for the 1910 season tomorrow under the management of Tom P. Sloan, of North Charleroi. The park has been undergoing renovation during the past few weeks, and new equipment installed, among which is a new amusement, a $1,000 bamboo "slide."

The new slide is one of the newest wrinkles in park amusements, and is recognized as one of the most fascinating devices for the entertainment of the people. Another new and big improvement at the park is a drinking fountain. All the buildings about the park have been repainted, and brightened up, and repairs made on the roller coaster and other amusements. A soda fountain has been installed at the restaurant.

Beiginning with tomorrow night there will be dancing each evening, the same as last year. Jenkins orchestra will furnish music. The first really big event at the park after the opening will be the Charleroi school children's picnic on Friday afternoon. Following this will be a succession of picnics and outings.

BOTH TEAMS ARE IN GOOD SHAPE FOR FIELD MEET

Final arrangements are being made by those in charge for the annual High School field meet to be held here on Saturday afternoon, between the Charleroi and Monessen High School track teams. Both teams have been hard at work preparing for the affair, and indications are that it will be a hard go. Prof. I. T. Daniel was yesterday appointed cheer leader for the Charleroi supporters.

"SNIPE HUNTERS" MUST STOP TRICKS

Unless the "snipe hunters" behave themselves they will, according to Chief of Police C. W. Albright, be subjected to rigid discipline. Not long ago a young fellow was taken out on a hunting tour by some practical jokers, who were later found out. Chief Albright promised to let them go, but in so doing informed them and others as well that the next trick of the kind would be reported to County Detective McCleary, who would push it on all charges that could be scraped up, including that of carrying concealed weapons.

Protected Circle 303 will hold a Dime Social in the P. H. C. Hall on Friday evening, May 20th, to which all members and their friends are requested to attend. A literary program will be rendered. M17-19.

No Factional Fight.

If arbitration is good in labor disputes, it is equally good in factional political fights. This is the principal adopted by the various factions which were out for the Republican nominationfor Congress in the Westmoreland-Butler district, with a result that all candidates are withdrawn but one, and this one will have a clear field for his party nomination. In the interests of harmony the move was an excellent one from a party standpoint.

As the fight had started there were two candidates for the Republican tomination for Congress in Westmoreland county, and two from Butler county. What is known as the Huff and anti-Huff interests were lining up for a bitter contest in Westmoreland. Had the fight been brought to a finish, it was likely to jeopardiez Republican success at the general election in the fall, and for that reason a peace conference was sought. By the terms of this conference all the candidates withdraw except J. D. McJunken of Butler. As the time has passed for filing any more nominations, he will have the unanimous party nomination. The withdrawl of both factions in Westmoreland county will have the effect of ending the party strife they engendered.

Harnessing the Floods.

The proposition to build reservoirs at the headwaters of the Monongahela and Allegheny rivers to hold the flood tides of the freshets that annually sweep down these streams and do thousands of dollars' worth of damage, is meetng with more or less favor. At first the proposition seemed a wild one, but as prominent engineers investigated and looked over the matter more fully, and give the public the result of these investigations, the project seems more feasible. One of the most serious objections is the possibility of another Johnstown disaster, by the bursting of the embankment of these artificial lakes.

Aside from conserving the damages by floods, these artificial lakes may be made to serve other purposes. Situated as they would be, in the heart of the mountains, amid picturesque surroundings, they could be utilized as public resorts for those in search of health and recreation. As they would have to be constructed at public expanse, the public would have the use of them for camping and pleasure resorts. Another feature that has not yet figured to any great extent, would be the water that could be used for irrigating purposes. That system has never yet been thought necessary in this State, yet with an abundant supply of water it could be used as profitably some seasons here as in the arid section of the west. The reservoir plan for harnessing the floods has much to commend it.

ELECTRIC SPARKS

When a bunch of society women can edit a paper and sell each copy at $25, as reported from Salem, Mass., and the male editors have to starve while they are doing heavy work, it's time for them to beigin washing the dishes and doing the cooking while the mistress is beating the typewriter keys.

Soon all the astronomers will lose their prestige gained through their free predictions of what the comet was going to do to the earth.

An old anecdote is a good one if hitched to a new man in Congress.

All politicians exhibit signs of nervousness when they assert that they are sure winners, yet it is impossible to keep them from it.

When Thomas L. Kennedy gets in Congress, as he and his boss, E. F. Acheson, fully intend he shall, we hope that everybody in that place votes for his first bill. It would not be surprising, however, if he does not have to grind to prepare that bill.

An employer received a note the other morning from his lady stenographer who had forgotten to show up for work bearing the words: "I am not now in your employ," a fact of which he was painfully aware. Next day came the announcement of her wedding. No wonder women were never allowed to vote in this State.

A "simp" is defined as the man who doesn't know what "simp" means.

When a girl starts out walking, having an umbrella, and comes back home with a walking stick and then says she was alone, put it down that she will never be President of the United States.

The people won't get rested up from the carnival until they are in the midst of the Fourth of July celebration.

The comet has been blamed for about everything, but we are yet to learn of any one who accuses it to be responsible for his cold.

CATARRH GOES

So Does Sore Throat, Bronchitis, Croup and Asthma.

You can easily tell by reading the symptoms below, whether you have catarrh or not:

Offensive breath, frequent sneezing, discharge from the nose, stoppage of the nose, huskiness of the voice, tickling in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucous, difficulty in breathing, loss of vital force.

Piper Bros. has a sensible remedy (money back if it fails) for catarrh, called Hyomei (pronounced High-o-me) which is a vaporized air, so antiseptic, that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life, gives relief in two minutes, and cures catarrh.

The price, including hard rubber inhaler, is only $1.00. The hard rubber pocket inhaler will last a lifetime, so that should you need a second bottle of Hyomei, you can get it for 50 cents.

Dream Social

The Ladies League of the Methodist church will hold a Dream Social in the basement of the church on Thursday evening June 2. An admission of 15 cents will be charged. Ice Cream and cake will be served free. 227tf

Here's Brain Food For Woman

When you are seeking food for thought from paper or from book, you should not do it hurriedly, but take another look; there's many things to think about that you read in the paper, but if you'll stop right here and think, 'twill be the proper caper. The time is now approaching when a man will leave his home, for when housecleaning time comes on he'd much prefer to roam, and each good wife will hurry through the game as quick she may. If she'll use Chi-Namel this spring, she will bless the happy day. No carpets to "take up" in homes where the Chi-Namel Ready-to-use Graining Process is known. Old carpets are made into rugs and every room has a "hard-wood" border—sanitary and labor saving—any one can apply it. Costs only 2c per sq. ft. Sold by T. P. Grant. 39

Platform of T. L. Kennedy, Candidate for Congress

New Brighton, Pa., April 29, 1910.

To the Republican Voters of the Twenty-Fourth Congressional District:

I am a candidate for the nomination of Congress at the primaries on June 4, 1910.

In becoming a candidate I fully realize the issues which are before the people of the Nation and of this State. As an ardent admirer of Theodore Roosevelt, and a firm believer in the policies which he stood for, I shall earnestly advocate all measures which are for the welfare of the people.

Aldrichism and Cannonism represent the selfish interests which stand upon special privileges as against the general welfare of the whole people.

The duties of a member of Congress are National, but in Pennsylvania the office has been made an asset of the State machine. The candidates for Congress throughout the State are as carefully selected as the candidates for the Legislature, the idea being that the patronage of a congressman belongs absolutely to the Penrose-Oliver machine. A Congressman, so elected, being under such obligations to the machine, is not free to act for the public good.

The lavish use of money in politics has become deplorable. The present member in Congress, in the sworn statement filed by him following the primary election two years ago, admitted that he had expended about $14,000. It has been freely stated and not contradicted that the selfish interests, inside and outside of the district, contributed an additional sum of $50,000, and that at least 3,000 illegal votes were cast in one county in the district.

The voters of the district, under the present primary system, select their candidate without regard to county lines, but there can be no criticism of the candidate being from Beaver County, as this county in the past 53 years has had but two Congressmen serving for a total of 8 years.

With this statement, in which I have endeavored to be clear and candid, I submit the issue to the good citizenship of the district.

T. L. KENNEDY.

FOR ASSEMBLY

Republican Chairman

C. Wesley Yarnall

DR. C. WESLEY YARNALL, of California, has formally announced himself as a candidate for the Assembly on the Republican ticket at the Spring primaries, and from now on proposes to make an aggressive campaign in favor of his candidacy.

Dr. C. Wesley Yarnall is the son of Rev. J. V. Yarnall, deceased, of the Pittsburg M. E. Conference. He was born in Claysville, Pa., in 1860. His early education was obtained in the public schools of the county and the Normal School of California. Later he mined coal and taught school, which enabled him to take a three-year elective course at Allegheny College, Crawford county, Pa., in preparation for medicine. Finding himself in no financial condition to enter a medical college at that time, he entered the Railway Mail Service between Pittsburg and New York for six years, earned enough to enter Jefferson College, Philadelphia, Pa., gradnating in the class of 1889. He then engaged in the practice of medicine in Roscoe and Beallsville, Pa., until 1899, when he took a post graduate course at the Post Graduate College, of New York City, and in the fall of the same year he resumed practice in California, where he is at present located. The doctor is one of the oldest members of the I. O. O. F. of this district and belongs to several other fraternal organizations. Lately he has been active in organizing the F. O. E. and L. O. O. M. lodges. He has been an active Republican during his political life, and he says that he supported nine out of every ten of the successful candidates for office during the past twenty-five years. A return of this favor will be very much appreciated. The doctor also intends to make an active canvass and asks the help and support of all his friends and also promises in return to work for the best interests of Washington county. His platform is brief, progressive policies, approved by the Republican organization, beneficial to the greatest number of people in the county and State.

If nominated and elected, I am in favor of personal registration, and better election laws.

I am in favor of the New School Code when perfected, and the highest Educational Standard for our Public School System.

I am in favor of the principle of Home Rule, and am against any measure on any subject that does not come clean, shows equity, and maintains justice to all parties concerned.

I am against graft and opposed to bossism in any shape it may appear, and in favor of clean political activity on the part of our leaders.

I am in favor of every honest dollar in our land, and in favor of every honest effort of labor in all classes, to better her condition, and to receive the just increase for her toil that is coming to her.

I am in favor of a Road Law that will set aside a part of each year's road tax and compel the use of the same for permanent Road Improvements according to fixed plans and specifications.

I am a Roosevelt Republican, and it was my duty as well as a privilege, to become acquainted with him while he was at the head of the Civil Service Commission in the 80's.

I believe the principles and policies he has given us as applied to Borough, Township, County and State government, will better our condition, and I am an enthusiastic supporter of the progressive policies for which he stands—a square deal to all, and that the rights of the people shall be observed.

Yours truly,
C. WESLEY YARNALL,

Subject to Republican Rules. Primaries June 4th.

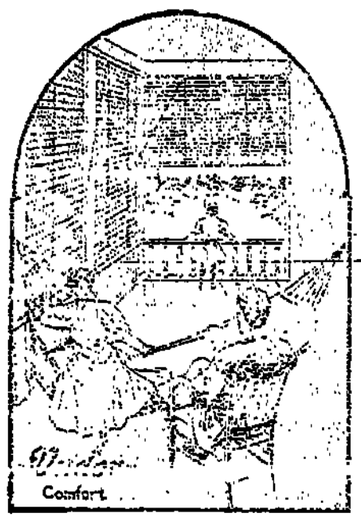
To make it a spot where you can rest or work on the hottest days--outdoors, yet free from the sun's glare and heat.

You can do this with Vudor Porch Shades: you can add to the house another room, cool and shady where you may enjoy every refreshing breeze, in secluded comfort.

Vudor Porch Shades are very durable, and will last many season.



Another good feature about them is the peculiar fact that those sitting on the porch can see out, but passersby cannot see in. In other words, you have complete privacy, and can use the porch or veranda the same as an inside room, with infinitely more comfort on hot days.

Vudor
PORCH SHADES

Vudor Porch Shades are just the thing for "boxing in" porches or balconies that are to be used as outdoor sleeping or living apartments.

Vudor Porch shades are made of thin, flat strips of wood of the kind that best endures out-of-door exposure. These strips are closely bound together with Seine Twine, in a lock-stitch weave.

They are artistically stained in soft, pleasing colors. These colors are weather proof, and will not fade or crack off.

The shades can be instantly raised or lowered (operating on the principle of a theatre curtain) and are easily and readily put up.

Cost and Sizes

Any ordinary porch can be shaded with Vudor Shades at a cost of from $8.00 to $10.00.

Eczeme—A Germ Disease Can Now Be Cured.

The medical profession is all agreed that Eczema is a germ disease but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo the clean, external treatment has solved this difficuty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases.
